PART B - Representation Form 1

1. To which part of the Local Plan does this representation relate?

From the drop down list please select one option.

Plan as a whole

2. What does your comment relate to? Please select one option.

None of the above

3. Do you consider the Draft Local Plan to be: Please select one option in each row.

	Yes	No
Legally Compliant	X	
Sound		X
Compliant with the Duty to Co-operate	X	

4. If you have answered 'No' to any of the options in the above question then please give details in the box below of why you consider the Draft Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate.

Please be as precise as possible.

No justification for predicted growth. No need for the volume of housing or mass of employment land. No justification for the scale of Green Belt land release. No need for harm to air quality and local ecology. No need to destroy the landscape and character of the villages. Means of delivery not clear. Already poor transport infrastructure will not be able to cope with increased levels of traffic. Post pandemic business has changed and the climate emergency requires us to use brown field sites, not Green belt land.

5. If you answered 'Yes' to any of the options in question 3 then please give details in the box below the reasons why you support the legal compliance or soundness of the Draft Local Plan or its compliance with the duty to co-operate.

Please be as precise as possible.

I am sure the Council will have done all they can to ensure compliance.

6. Please set out what modification(s) you consider necessary to make the Draft Local Plan legally compliant or sound, having regard to the test you have identified above where this relates to soundness. (NB please note that any non-compliance with the duty to co-operate is incapable of modification at examination).

You will need to say why this modification will make the Local Plan legally compliant or sound. It would be helpful if you are able to put forward your suggested revised wording of any policy or text.

Please be as precise as possible.

No justification for predicted growth. No need for the volume of housing or mass of employment land. No justification for the scale of Green Belt land release. No need for harm to air quality and local ecology. No need to destroy the landscape and character of the villages. Means of delivery not clear. Already poor transport infrastructure will not be able to cope with increased levels of traffic. Post pandemic business has changed. There are so many empty and unused commercial premises these should be developed and re-purposed before Green Belt land is ever considered for development. The climate emergency requires us to use brown field sites, not Green belt land.

7. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination? Please select one option.

No, I do not wish to participate at the oral examination
