PART B - Representation Form 1

1. To which part of the Local Plan does this representation relate?

From the drop down list please select one option.

Plan as a whole

2. What does your comment relate to? Please select one option.

A specific policy sub-number (s)

If a paragraph or policy sub-number then please use the box below to list. (For example - Policy MD2.1 part 3 or paragraph 10.2.13 etc as applicable).

MD1,MD2,MD5,MD6

3. Do you consider the Draft Local Plan to be: Please select one option in each row.

	Yes	No
Legally Compliant		X
Sound		X
Compliant with the Duty to Co-operate		X

4. If you have answered 'No' to any of the options in the above question then please give details in the box below of why you consider the Draft Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate.

Please be as precise as possible.

The plan will impinge on and damage a number of Ramsar, SPAs and SAC sites. The impingement is due to the proximity of development to the sites. The increase in traffic, both motorised and on foot will lead to increased water pollution, increased air pollution, possible erosion and the other problems associated with entitled people exercising, ie, disregard of surroundings and wildlife.

6. Please set out what modification(s) you consider necessary to make the Draft Local Plan legally compliant or sound, having regard to the test you have identified above where this relates to soundness. (NB please note that any non-compliance with the duty to co-operate is incapable of modification at examination).

You will need to say why this modification will make the Local Plan legally compliant or sound. It would be helpful if you are able to put forward your suggested revised wording of any policy or text.

Please be as precise as possible.

Improvement of local transport to reduce car traffic. Improvement of the town infrastructure for the same reason. More protection for the sites either through much wider corridors between development and the sites so pedestrians don't feel the need to exercise their dogs where small animals and birds are nesting. Fly tipping is an ongoing problem and unfortunately, since I can't understand why people do it, I can't suggest any solution to it either. In short, I would like to see the town centre redeveloped and opened up while SPAs, SACs and Ramsar sites are also further developed and better protected.

7. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination? Please select one option.

No, I do not wish to participate at the oral examination
