Introduces road safety concerns along Witherwin Avenue in the vicinity of Grappenhall Heys Walled Gardens

6. Please set out what modification(s) you consider necessary to make the Draft Local Plan legally compliant or sound, having regard to the test you have identified above where this relates to soundness. (NB please note that any non-compliance with the duty to co-operate is incapable of modification at examination).

You will need to say why this modification will make the Local Plan legally compliant or sound. It would be helpful if you are able to put forward your suggested revised wording of any policy or text.

Please be as precise as possible.

The section of Witherwin Avenue (from the roundabout junction with Lumb Brook Road to the roundabout junction with Curzon Drive) is already high in traffic as follows: serving local residents (about to greatly increase in number); serving pupils and parents of Grappenhall Heys Primary School (about to double in size); it contains a crossing point for school children; it is used for very popular access to Grappenhall Heys Walled Garden. The draft plan indicates the intention to use this section of road in the future distributor road network. This further increases road safety dangers particularly for the children crossing to attend school and it is not necessary as an obvious alternative is available. The distributor road could be re-routed from the roundabout junction at Witherwin / Lumb Brook, along Lumb Brook Road to rejoin the draft plan route closer to New Lane. This would by-pass the affected section of Witherwin Avenue without compromise to the overall draft plan intentions.

7. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination? Please select one option.

Yes, I wish to participate at the oral examination

If you wish to participate at the oral part of the examination, please outline why you consider this to be necessary:

Child road safety is extremely important to me and I want to ensure adequate consideration of my proposed easily available alternative
