I am not a legal professional so cannot comment on the legalities.
However I am of the view that the local plan will cause significant transport problems for the town and disrupt the habitat of wildlife.

6. Please set out what modification(s) you consider necessary to make the Draft Local Plan legally compliant or sound, having regard to the test you have identified above where this relates to soundness. (NB please note that any non-compliance with the duty to co-operate is incapable of modification at examination).

You will need to say why this modification will make the Local Plan legally compliant or sound. It would be helpful if you are able to put forward your suggested revised wording of any policy or text.

Please be as precise as possible.

Removal of all developments south of the ship canal. The road infrastructure struggles at present and will simply not cope with the addition of thousands of houses.

7. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination? Please select one option.

No, I do not wish to participate at the oral examination
