

Re:- LOCAL PLAN

As a  I know we are already swamped with traffic. Victoria Road is parked solid both sides for much of the day, half of them on the pavement. Also we are used as a run to avoid traffic lights and a lot of the drivers ignore the 20 mph speed limit. I can't imagine what it would be like with thousands more cars coming through our village.

As for Medical Services, I know of people now who can't get a dentist.

Please think again

Allyson (Mrs)
