PART B - Representation Form 1

1. To which part of the Local Plan does this representation relate?

From the drop down list please select one option.

Plan as a whole

2. What does your comment relate to? Please select one option.

None of the above

If a paragraph or policy sub-number then please use the box below to list. (For example - Policy MD2.1 part 3 or paragraph 10.2.13 etc as applicable).

The plan as a whole with particular concern for new development in South Warrington.

3. Do you consider the Draft Local Plan to be: Please select one option in each row.

	Yes	No
Legally Compliant		X
Sound		X
Compliant with the Duty to Co-operate		X

4. If you have answered 'No' to any of the options in the above question then please give details in the box below of why you consider the Draft Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate.

Please be as precise as possible.

1 I am not sure of the legality of the plan so therefore cannot say it is Legal..

2 The plan is not sound because after carefully reading and studying the proposals I still have grave concerns that the proposals DO NOT show that adequate infra-structure is provided to support and adequately service the proposed developments. No further housing or business unit construction should take place until there is a comprehensive, approved, properly funded and programmed plan, showing the provisions of road and transport, schools, medical centres and essential retail facilities.

3 You say you have listened to the residents of Warrington in preparing this revised plan but clearly you have not taken the overwhelming response to the lack of adequate infra-structure to support both the original plan and the new proposed plan.

6. Please set out what modification(s) you consider necessary to make the Draft Local Plan legally compliant or sound, having regard to the test you have identified above where this relates to soundness. (NB please note that any non-compliance with the duty to co-operate is incapable of modification at examination).

You will need to say why this modification will make the Local Plan legally compliant or sound. It would be helpful if you are able to put forward your suggested revised wording of any policy or text.

Please be as precise as possible.

With particular regards to south Warrington area of the proposals it is considered that you already have adequate areas of what was green belt that already has development approval from the "New Town' era.. The revised proposal plan states that this is not expected to provide new roads, only to utilise existing. As an example Stretton Road is already over used by the recent housing developments and can only become even more busy and dangerous. Stockton Heath is already a nightmare with the amount of through traffic and will only get worse with any further development. The green belt has already been impacted with new development and once lost gone forever. There are a significant number of brown field sites in Warrington that could and should have been used to save what is left of our green belt.

7. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination? Please select one option.

No, I do not wish to participate at the oral examination
